

Priority School Building Programme

- Phase Two

It has been confirmed that 277 schools across England are to be repaired and rebuilt under the second phase of the Priority School Building Programme (PSBP2). The government has announced £2 billion of capital funding will be available. None of the schools in this phase will be privately financed.

The new phase is a five-year programme, operating between 2015 and 2021.

It is expected that the main contractors for the schools will be procured through the Regional Contractors Framework (Glenigan Project ID: 13329674).

Below is a comprehensive breakdown of the schools in the programme. For individual project details, click the link to take you through to the project on Glenigan. For further updates tag the project as a favourite.

EAST MIDLANDS
